RoughDeck® SLV

The SLV offers the rugged and durable features of a RoughDeck floor scale modified to meet the demands of livestock weighing. The diamond tread plate and rigid structural steel channel frame provide durability for weighing sheep, goats, cattle, hogs, horses and more. The SLV can be customized for retrofit or unique applications.

Standard Features

- Mild steel construction
- Diamond safety tread plate deck
- Rigid type structural steel channel frame
- NEMA 4X, stainless steel side-access junction box without quick connector
- Signal trim summing board
- Four adjustable stainless steel SUREFOOT™ support feet
- 20 ft SURVIVOR® EL147HE hostile environment load cell cable
- Four alloy steel load cells

Options

- Smooth deck
- Stainless steel load cells (RL35023S) and stainless steel junction box
- Stainless steel, welded-seal IP67 load cells (RL35082) and stainless steel junction box
- Angle iron bolted to scale for weed deck provisions
- Chutes for use with 4 ft x 8 ft scale

Specifications

| | |
|---------------------------|---|
| End Load Capacity: | 125% full scale |
| Cable Length: | 20ft (6m) |
| Capacity: | Not to exceed 4,000 x 1 lb (32 square feet) 3ft x 8ft: 4,000lb increments 4ft x 8ft: 4,000lb increments |
| Approvals: | NTEP CC 92-001 Class III 4,000d |
| Warranty: | Five-year limited warranty |

Accuracy requires a specialized foot

Adjustable SUREFOOT™ support feet incorporate stainless steel top plates and neoprene bases. This unique combination decreases extraneous forces on the load cell, resulting in superior accuracy and repeatability.
